

# Post-Secondary Education in Ontario: Managing Challenges in an Age of Austerity – Eastern Ontario Results January 2013

#### Methodology

- A total of 1,518 on-line interviews were conducted for the study between December 10<sup>th</sup> and 14<sup>th</sup>, 2012.
- The margin of error for a representative sample of this size is 2.5 percentage points within a 95% confidence interval. The margin of error is greater when looking at sub-segments of the population.
- The total sample for the Eastern region of Ontario comprised 301 respondents.
- The sample was designed to mirror the socio-demographic characteristics of the general Ontario adult population according to the latest census data.
- Detailed findings are outlined on the OCUFA website.

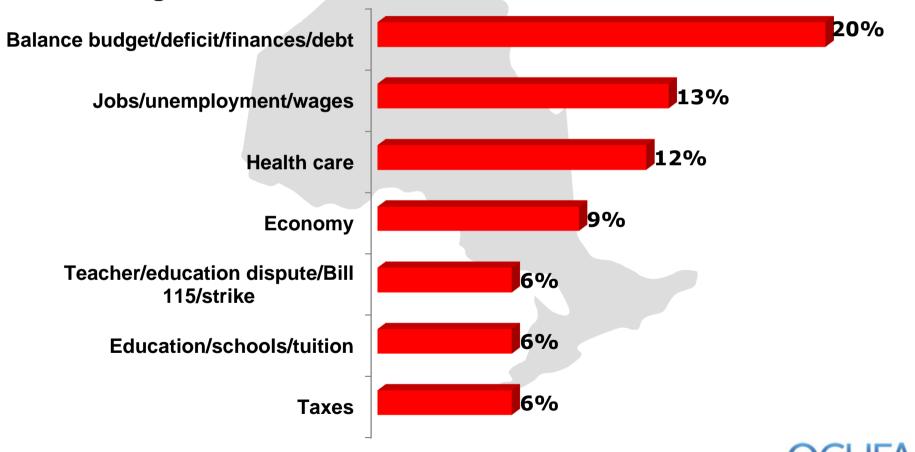

#### **The Political Environment**

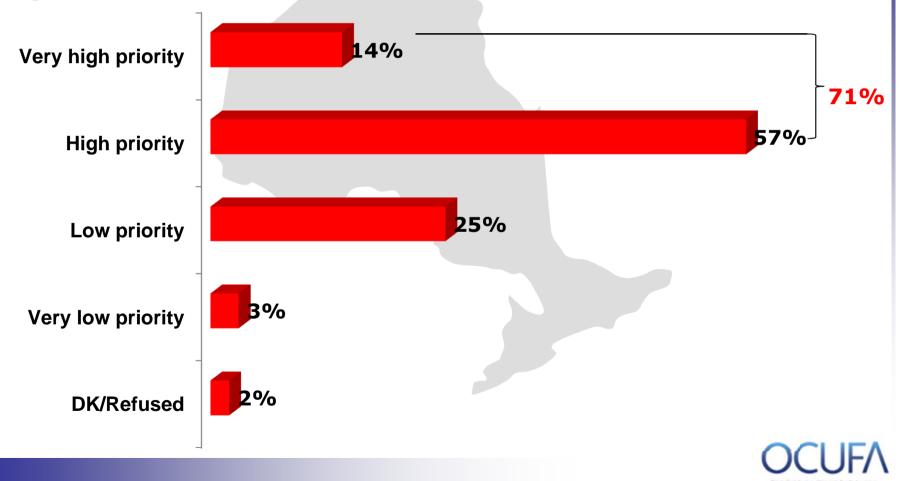

#### **Most Important Issue in Ontario**

Residents of Eastern Ontario are most likely to identify "balancing the budget" as the most important issue currently facing the Ontario government.

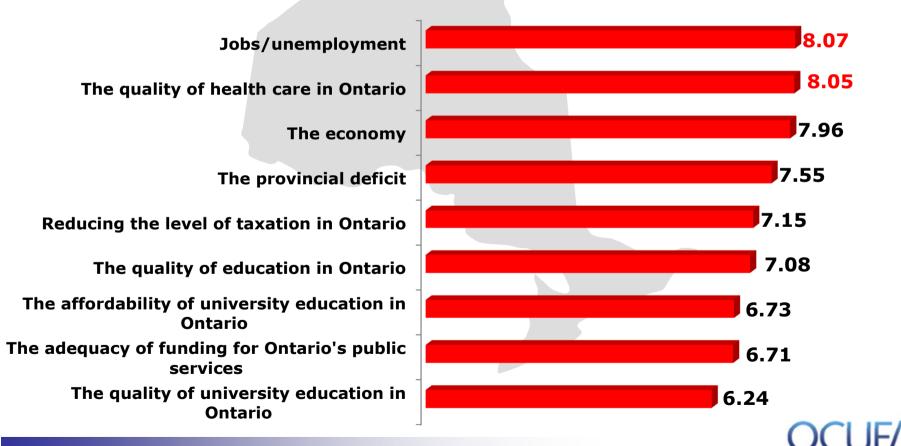

# University Education: Level of Priority for Ontario Government

Seven in ten Eastern Ontario residents think that university education should be considered a "high priority" by the provincial government.

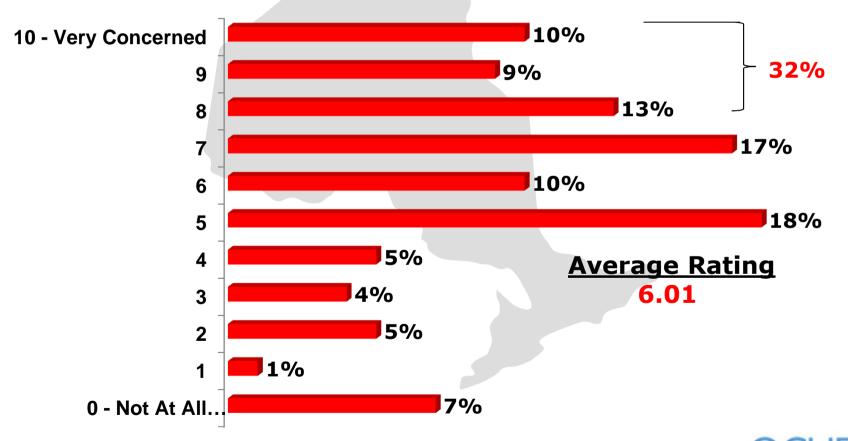

# Provincial Issues: Present Level of Concern

"Jobs/unemployment" and "the quality of health care" are issues associated with a high-level concern for Eastern Ontario residents. Issues related to the quality and affordability of university education receive only a moderate concern-rating in this region.

#### Quality of University Education in Ontario: Level of Concern

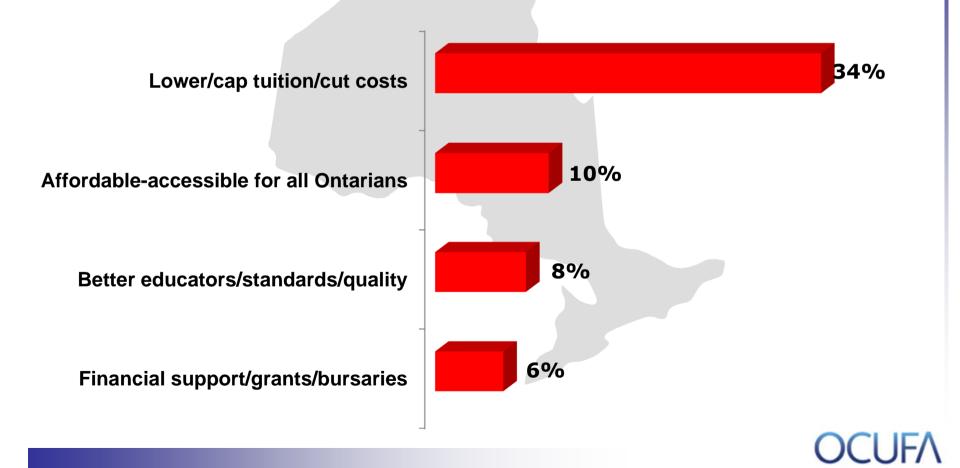

➤ A third of Eastern Ontario residents are highly concerned about the quality of university education in Ontario (rating of 8,9 or 10). The average concern-rating in this region is moderate at 6.01.

## Most Important Strategy for University Education in Ontario?

One-third of Eastern Ontario residents identify lowering or capping tuition fees as the "single most important thing" the provincial government should do for university education in Ontario.

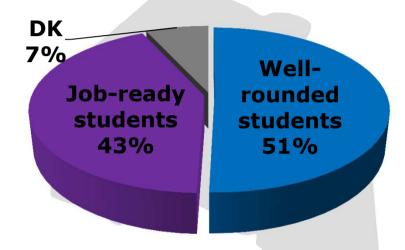

#### What Kind of University Education Do We Want?

#### **Job-Ready or Well-Rounded Students?**

Eastern Ontario residents are considerably more likely to identify "well-roundedness" as the primary goal of university education.

#### **Tracking Results**

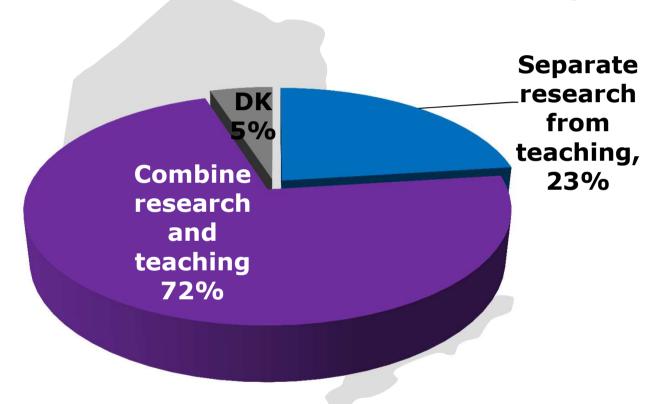

Focus of university education should be	<b>2012</b> %	<b>2011</b> %
Job-ready students*	43	57
Well-rounded students	51	39

\*In 2011, this question used the phrase "students with specific skills."

#### **Best Model of Delivery?**

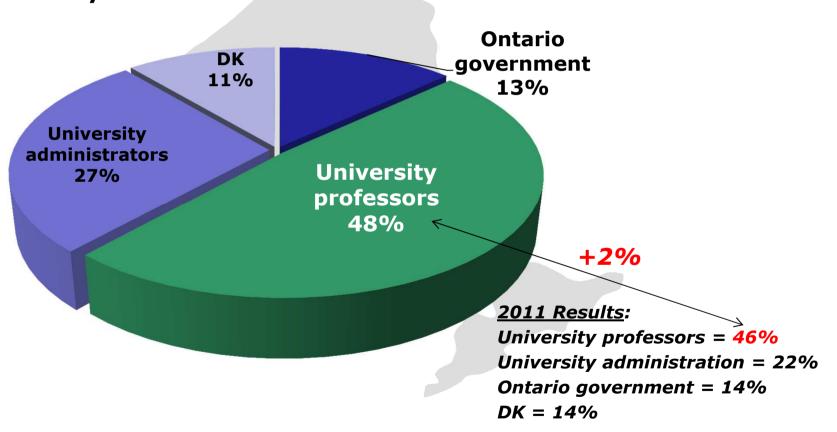

More than seven in ten Eastern Ontarians believe that to fulfill their mandate universities must combine research with teaching.

Question: Earlier you indicated that university education should focus on producing [job-ready/well-rounded students]...which model of delivery of university education would best achieve this objective?

### **Ensuring A High Quality University Education: Who Do You Trust?**

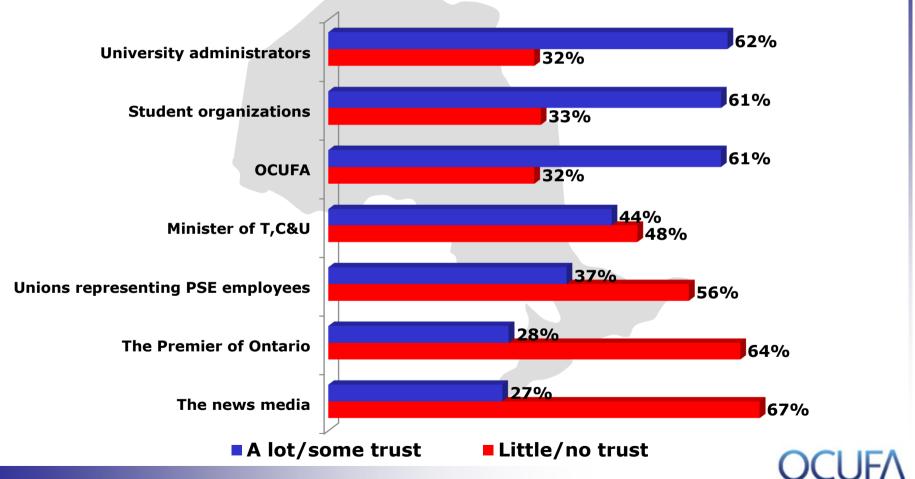

Almost half of Eastern Ontario residents say they trust university professors most to ensure that students receive a high quality university education.

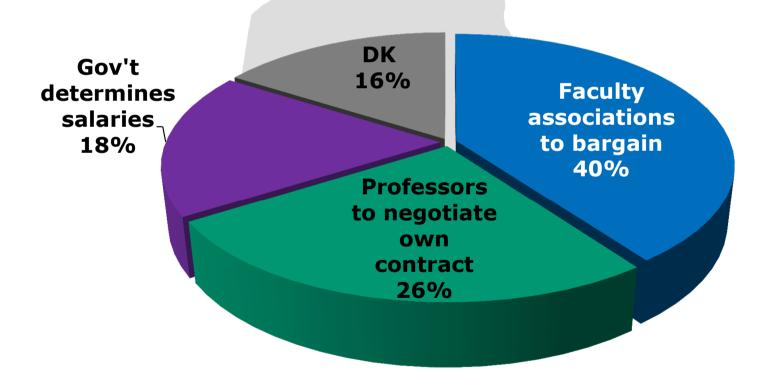

# **Sources of Information: Who Do You Trust?**

A majority of Eastern Ontario residents consider university administrators, student organizations, and OCUFA trustworthy sources of information about Ontario's universities.

# University Professors: Salaries & Working Conditions

Two in five Eastern Ontario residents think the best way to determine the salaries and working conditions of university professors is to continue to allow collective bargaining between faculty associations and university administration.

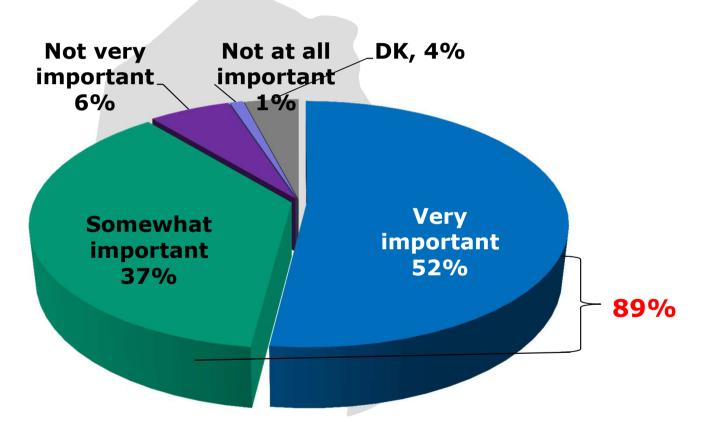

#### **At What Cost?**

#### **Importance of Provincial Deficit Reduction**

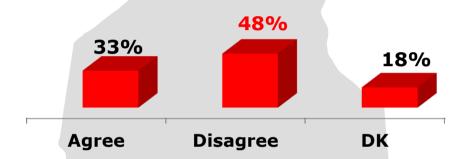

Almost nine in Eastern Ontarians believe it is <u>important</u> that the provincial government reduce the provincial budget deficit.

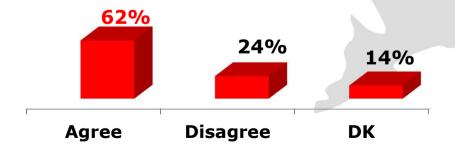

# **Deficit Reduction Strategies: Agree or Disagree?**

• To meet deficit-reduction targets, government should <u>override</u> the collective bargaining rights of public sector workers.

 Government should allow public sector workers to <u>freely</u> <u>negotiate</u> their working conditions and wages through a collective bargaining process.

#### Strategies to Manage Fiscal Situation in Ontario: Level of Support

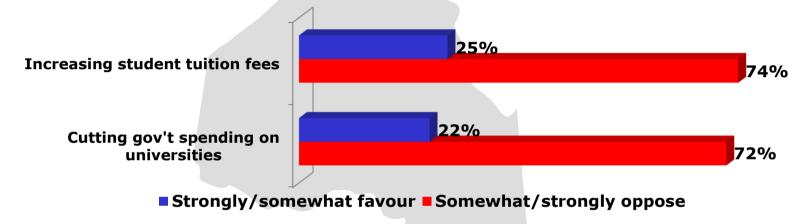

A mix of stimulus and cost-cutting measures received a moderate to moderately-high level of support from Eastern Ontarians (i.e., a rating of 7 or greater). Cutting funding for universities received the <a href="lowest\_support-rating-en-west\_support-ra

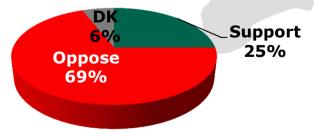

# University Financing Strategies: Support for Government Investment

Almost three in four Eastern Ontarians residents <u>oppose</u> increasing student tuition and cutting government spending on universities as strategies to reduce university costs.

Over two-thirds of Eastern Ontario residents <u>oppose</u> the idea of increasing student tuition in programs expected to yield higher salaries after graduation.

# **Government Spending Freeze: Perceived Impact**

Well over half of Eastern Ontario residents believe that a government spending freeze on universities would have a <u>negative</u> <u>impact</u> on the quality of university education in the province.

Impact of the following on quality of university education:	Positive Impact (%)	Negative Impact (%)	No Impact (%)
Government spending freeze on universities	6 (+4)	57 (-18) ←…	- 27 (+17)
Freeze on professors' salaries	10 (+10)	40 (-12)	41 (+11)

<sup>()</sup> Denotes percentage change since 2011.

#### **Deficit Reduction in Context**

Most Eastern Ontario residents <u>disagree</u> with government measures to reduce the deficit in the context of three specific circumstances: 1) reduced education quality; 2) increased costs of education for students and families; and, 3) higher personal taxes.

How much do you agree or disagree that the provincial government should pursue measures to reduce the deficit	Agree strongly/ somewhat (%)	Disagree somewhat/ strongly (%)
even if these measures will <u>reduce</u> the quality of university education.	28	65
even if these measures will increase the cost of university education for students and their families.	38	55
even if that means I would personally have to <u>pay more in taxes</u> .	36	57

<sup>\*</sup>Would you support or oppose cuts to public services if it meant a <u>negative impact</u> on employment and economic growth?

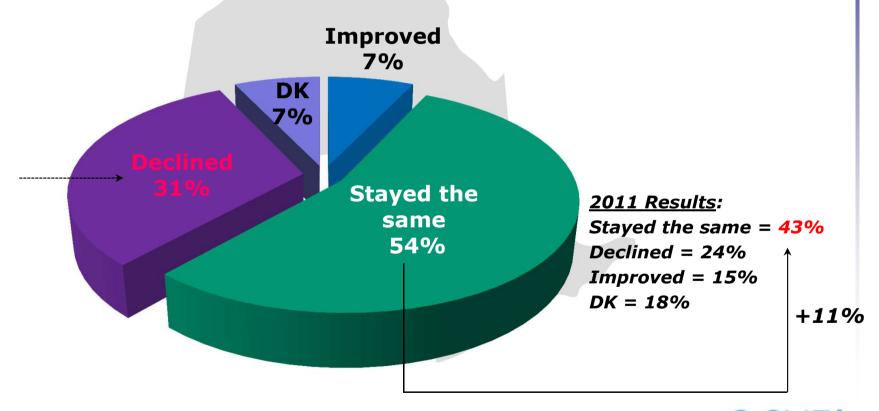

<sup>\*</sup>This question was asked of a subsample of respondents (N=114).

# **Looking Ahead: Political Leadership**

# McGuinty Government: Impact on Quality of University Education

Almost a third of Eastern Ontarians believe that the quality of university education has <u>declined</u> under the McGuinty government. By contrast, less than one in ten say that the quality of university education has improved during McGuinty's tenure.

# Quality of University Education: Which Political Party Is Best?

Almost one in four residents of Eastern Ontario consider the Liberal Party the most likely to <u>improve the quality</u> of university education in Ontario.
